

# LUCAS ATAIDE MALAGUETA

Regente Feijó - SP | lucasataidepq@gmail.com | +55 (18) 99698-7465 | github.com/LucasMalagueta | LinkedIn

## SUMMARY

Software Developer with over 2 years of experience building automation tools and web applications. Proven ability to optimize financial processes and deliver scalable solutions. I seek to apply my knowledge in development and automation to design solutions that streamline workflows and solve complex problems.

## EDUCATION

**UNOESTE - Bachelor's Degree in Information Systems**  
Evening Program | 6th Semester

**Presidente Prudente**  
Aug 2023 – Present

## PROFESSIONAL EXPERIENCE

**Marco Contabilidade e Assuntos Fiscais**

Software Developer (Languages: AutoHotkey v1 & v2, Python) | Part-Time | CLT

**Regente Feijó**  
Nov/2024 – Present

- **Role Responsibilities:**

Developed and implemented workflow automations for various departments including Payroll, Accounting, and Tax Filing, optimizing monthly cash flow reports and SPED file processing.

- **Key Competencies:**

Development autonomy · Tax File Handling & Processing · Problem solving

- **Featured project: Invoice Correction Automation System.**

Built an automation system for correcting tax invoices that parses XML files, extracts data, and fills the ERP, reducing manual entry time by 15x.

**Marco Contabilidade e Assuntos Fiscais**

Office Assistant | Part-Time | CLT

**Regente Feijó**  
Nov/2023 – Oct/2024

- **Role Responsibilities:**

Tax-related tasks in Tax Filing | Monthly company bookkeeping | SPED digital accounting

- **Key Competencies:**

Organizational effectiveness · Teamwork · Adaptability · Time management

## PROJECTS

**DMinfo – Administrative Information Management System.**

Full-Stack Java Spring Developer

Jan/2025 – Present

- **Contributions:**

- Acted as Full-Stack Developer throughout the entire software lifecycle, building the system from scratch.
- Requirements gathering, Software Requirements Specification writing, and relational database modeling in PostgreSQL.
- Back-end development in Java with Spring, applying the MVC architecture pattern to build robust RESTful APIs.
- Created a responsive, usability-focused front-end interface using HTML, CSS, JavaScript, and Bootstrap.
- Applied agile methodologies for delivery management and continuous product evolution.

## SKILLS

Languages: C | C++ | C# | Java | Python | JavaScript | Swift | R | Kotlin | SQL  
Technologies: REST APIs | Docker | Git | Automated Testing | Linux | Power BI | HTML | CSS  
Frameworks: React | SpringBoot | .NET  
Languages: English – Average

## PERSONAL / SOFT SKILLS

Clear and objective communication · Logical reasoning · Problem solving · Organization and attention to detail · Teamwork  
· Fast learner · Proactive

## VOLUNTEER WORK

- I coordinate social projects such as: fundraising campaigns for local charities, food drives, outreach at nursing homes and orphanages, and blood donation campaigns.
- **Skills developed:** Leadership · Public speaking · Personal development · Teamwork
